Android has been around for more than a year, and at that moment the developers whiped some large apps. Whether you are a new Android owner or a pro looking for new tools, these 10 fantastic and free apps belong to your Arsenal.Photo of Lwallenstein. To jump immediately above the apps that are so common, universal, and well replicated on the iPhone or other mobile platforms that a user with a need probably we can do - Facebook, Yelp, Evernote, remembers milk and endless twitter clients, Widget and app. We also skipped on Google's ordered apps, like Google Voice, navigation and glasses, which are (or will) included the standard on new Android phones. Instead, we are aiming to shine a small light on apps that can easily offer excellent functionality for those who download them Searches, off from some comments and emails Andro-savvy.10. Layarin Some ways, this is a vote for the potential of layar as much as the practical application. Walking through your phone and see Wikipedia's subjects, apartments for sale and what Twitter users have delighted through your phone is a rather accurate thing, and potentially useful when you're looking for things to do in a new city. But as Layar continues to add new levels, and how the camera and mobile processing power continue to improve, Layar could become much more interesting than already. One thing worth remembering is that if you don't like the view of the 3D camera, or as the appearance of yourself while you use it, Layar can only show the points of interest on a Google type map. Anyway that you use it, it's an intriguing aspect to what is happening around the corner. (Original post) iPhone / Android: Layar, the mobile app that overlap the data signals on what the phone video camera sees, Å ĩ,~ | Connect more. Listening to the last update, we couldn't really call to listen to a king among the podcast apps ... had some Irkensome bugs, one of them is the loss of episodes and sometimes subscriptions. Now, however, your Google app does a great job not only to find audio content, but Export your subscriptions to manage in Google Reader, guaranteeing a full feed backup and easier recovery of past episodes you want to go back And listen. If you need a fine fine grain podcast control, Acast test, but listen to most. SECRETSTHERE is not the synchronization of the browser on AndroidÅ ĩ,~ "still (C'Mon, Mozilla, salts on that Firefox Mobile!). Meanwhile, there are secrets, a well-safe caveat, compatible with compatibility compatible with Password for all your passwords. It is not so difficult to export your passwords from the desktop or laptop to your SD card, and with the search to Full-Text finally implemented, the secrets are much more For those moments oh-shoot-what's-that-username-again. (Original post) Only Android: Today Google has announced the release of the secrets, a secure password manager for AndroidÅ ĩ,~ | Connect. FreeThe As Desside tariller at Android multi-tasking is that at times, some apps can become unexpectedly become magni of memory or bandwidth or bring the phone with them when they lock. Few apps provide a direct and easy "chit" option, however, and sometimes you can't get to the Hope has a bit of attention, if only to be purchased from Google or otherwise integrated into the base phone software. Astro File Manager does a great job to allow you to navigate the files on the SD card and the internal memory accessible, surely, but it also has your own integrated killer task, backing up applications, can send files as e-mail attachments (not everything Easy or intuitive from the mail client, for some reason) and much more. It is the Leatherman of Android utilities and a must-have on any serious Geek phone. To each of them, obviously, but we would like to hear which Android apps consider crucial to your phone in the comments. We tend to free, but if you have found a cheap app that is worth a few dollars, our loving Android readers and developers, they would probably be happy for the referral.
