by REXDL 10/19/2022 Current version: 1.2.100 File size: 80 MB | 79 MB Remember: www.ReXdl.com The fortress of an ancient civilization has been attacked by hordes of alien invaders. Use the powerful technologies of the ancients and fend off the attacks of the enemy army! Features: Classic Tower Defense (TD) for those who like good old games; Build towers anywhere on the field; 40 unique levels; Tons of different enemies with their own characteristics; The game features turret upgrades as well as everything else. New enhancements allow you to choose unique strategies for each level. Even the base can be upgraded! Upgrades are freely resettable and redistributable, they are free and you get all your emeralds back; The plot is based on the memories of veterans of the intergalactic wars; Our artist personally visited the old planet to recreate its image in the game; The characters' voices sound just like the real thing; The game was commissioned by the High Council of Intelligent Civilizations of the Galaxy; There was supposed to be one more element, but the censors didn't let it go, so we replaced it with an ad: "Galactic energy drink 'Improviser' with rocket fuel extract will reduce fatigue and shorten life by several years." "Improviser" - to make life lively and fast! A nice bonus: offline games are not so common these days, but we put a decent load on our server and now you can play wherever you want as long as your battery is charged. So what did we get? A strategy that does not need the Internet! You can fight in a plane, a ship or even a submarine - offline! Ad-free games are rare these days, so what do you think we've done? That is right; We have chosen not to display ads. There are absolutely no ads, except for an improviser that we made ourselves. Read more about this tower defense on the game's Steam page: [The game can be found on the Armor Games website](#). And that's it. We love strategy, we tried to make the game and it turned out to be pretty decent.
