EVERLIGHT LED LIGHTING Showcases the New Series of LED Light Bulbs in 2013 Taiwan International Lighting Show

With all series of high standard energy saving LED lighting fixtures, "EVERLIGHT LED LIGHTING" represents "The Right LED Lighting Fixture in the Right Scene" in order to unveil the new concept of EVERLIGHT eco-friendly lighting.

EVERLIGHT ELECTRONICS CO., LTD., a leading player in the global LED industry, established a subsidiary of EVERLIGHT LIGHTING CO., LTD. in 2012. EVERLIGHT LIGHTING CO., LTD. is not only retaining the original strength from EVERLIGHT Electronics, but also targeting "EVERLIGHT LED LIGHTING" as a market leader brand in global LED lighting industry with its excellent R&D and advanced technology. In 2013 TILS, "EVERLIGHT LED LIGHTING" showcases all series of outdoor, industrial, commercial, residential and office lighting to bring out a new concept of "The Right LED Lighting Fixture in the Right Scene" in order to impress customers with new EVERLIGHT eco-friendly lighting products.

SL-SV60A LED Light Bulb Series – Sidespin Design to Bring a New Option for Residential and Commercial Lighting Demands

In order to diversify the lighting fixtures, "EVERLIGHT LED LIGHTING" unveils brand-new SL-SV60A LED Bulb Series with the new sidespin design. It is suitable for the E27 base down light and the rotating cap is able to spin up to 350 degrees. The beam angle is setup as 120 degrees, so the lighting area can be covered more by using regular SL-SV60A LED light bulb. The wattage of SL-SV60A LED light bulb series is up to 9 watts and the lumen output is up to 700lm with color temperature of 2700K and 800lm with color temperature of 5700K. No UV or IR light radiation with the lifetime of 40,000 hours, SL-SV60A LED light bulb series provides users a new experience of LED lighting.

Infrared Golden Dragon: optical output power increased by 20% Particularly efficient at currents of up to 2 amps (A)

With a typical optical output of 650 milliwatts (mW) the Golden Dragon SFH 4232A from Osram Opto Semiconductors is currently the most powerful infrared LED (IRED) in this housing. At a current of one amp the efficiency of this high-power component is more than 39 percent. The IRED therefore provides the basis for reliable monitoring and surveillance systems and helps to reduce system costs. This benefits general applications in process and production control in industry and camera-based surveillance applications.

<http://www.osram-os.com/pr-IR-Golden-Dragon>

Fig. Golden Dragon SFH 4232A is suitable for general safety applications, such as for traffic monitoring.

Fig. Golden Dragon SFH 4232A

Dimensions	11 x 6 x 1.8 mm
Wavelength	850 nm
Optical output	650 mW at 1 A / 1.65 V
Efficiency	39 % at 1 A
Radiant intensity	210 mW/sr at 1 A
Beam angle	+/- 60 degrees

The challenge ahead

The demands driven by smart phones and tablet PCs are expected to fuel the growth of small to medium size panel market in the coming year. However, Taiwan manufacturers need to improve their display technology

and also their yields to compete with Japan and Korean manufacturers. Besides, as more Taiwan workers are lured with high salaries and great benefits by China companies, Taiwan manufacturers must find out a way to keep their talented people and to seek advancing their professional skills in order to write another success story. ☺

Intermediate Problems: Should I... repair the transmission in my 10 year old car for \$3,800 or buy a used car to replace it? Selecting a hybrid versus a traditional combustion engine has important money and tax consequences, so it would be suitable for engineering economic analysis. The authors' concise, accessible writing, practical emphasis, and contemporary examples linked to students' everyday lives make this text the most popular among students. This course should give them the tools to make better decisions. d) No. Picking a career on an economic basis sounds terrible. take my book to class or leave it in my room? This eleventh edition of the market-leading Engineering Economic Analysis offers comprehensive coverage of financial and economic decision-making for engineers, with an emphasis on problem solving, life-cycle costs, and the time value of money. Some examples are listed below. c) No. There is probably a variety of considerations much more important than the economics. Simple Problems: Should I... have cereal or toast for breakfast? 1-2 a) Yes. Loading PreviewSorry, preview is currently unavailable. And with the most extensive support package, this is the easiest book to teach from. purchase a meal plan for the semester, buy groceries and cook myself, or a combination of the two using a lower volume meal plan? They may find that their approach to decision making for more intermediate and complex problems does not adequately consider all the factors. b) Yes. buy new tires with a 75,000 mile warranty at \$140 each or the tires with a 45,000 mile warranty at \$85 each? Chapter 5: Present Worth Analysis 5-1 P = \$50 (P/A, 10%, 4) + \$50 (P/G, 10%, 4) = \$50 (3.170) + \$50 (4.378) = \$377.40 5-2 P = \$30 + \$20 (P/A, 15%, 2) + \$30 (P/F, 15%, 3) = \$30 + \$20 (1.626) + \$30 (0.6575) = \$82.25 5-3 P = \$300 (P/A, 12%, 3) - \$100 (P/G, 12%, 3) = \$300 (2.402) - \$100 (2.221) = \$498.50 You can download the paper by clicking the button above. This situation involves important economic and social consequences. Some may argue that the social consequences are more important than the economics. park in this tight spot or a larger one three spots further? New to the Eleventh Edition: * More than 270 new end-of-chapter problems and seventy revised problems * Greatly enhanced coverage of Microsoft Excel software, including forty video-based Excel tutorials aimed at allowing instructors to spend more time teaching the concepts and less time teaching the software * Up-to-date chapter-opening vignettes that reflect current global events * New appendix on using financial calculators for Time Value of Money calculations * Updated to include the latest tax legislation and rates * Enhanced coverage of ethics INSTRUCTORS SUPPORT PACKAGE * Instructor's Manual includes full solutions to all text problems in print format * Instructor's CD includes the case solutions to the Cases in Engineering Economy text, as well as a computerized test bank * Two PowerPoint-based lecture resources: Fully-customizable PowerPoint-based lecture outlines, ready for immediate use or modification, and slides of every figure in the text * Learning Management System support: Most of the electronic ancillaries are available as pre-formatted cartridges for upload to your Learning Management System, including Blackboard or Moodle STUDENT SUPPORT PACKAGE * A free casebook: The in-text CD includes Cases in Engineering Economy, a collection of fifty-four case studies designed to help students apply the theories and concepts of engineering economy to real-world situations * Excel support: Forty video-based Microsoft Excel software tutorials, each explaining how to use Excel to work specific financial calculations, and a collection of interactive spreadsheet models * Online quiz questions and 100 additional sample FE exam problems available on the companion website * A free Study Guide containing self-study questions designed to supplement the homework problems in the text * The companion website (www.oup.com/us/newnan) features additional materials, including 100 additional sample FE exam problems Homework Solutions for Engineering Economic Analysis, 14th Edition Newnan, Eschenbach, Lavelle, and Lewis 1 Chapter 1: Making Economic Decisions 1-1 There are a variety of possible answers to this question. Complex Problems: Should I... take a job in a big city in Texas at \$65,000 (no state tax, long commutes, more social opportunities, etc.) or a job in a smaller city such as Mississippi at \$62,000 (state tax, short commutes, closer to hometown, etc.)?
