About Sausicce Man Mobile Sausage Man Mobile now gently launches throughout Southeast Asia. We are extremely grateful for your support and affection for the sausage man and are happy to invite anyone to offer us their important comments. I can't wait for your kind understanding. We strive difficult to create a better game experience for you. Publish as soon as possible in new nations and areas around the world so that more players can join Sausicce Island! Parade in the battlefield and fight in a competitive and bright fight with other players in sausage! Every time, wherever you could play sausage. With highly personalized snacks, rocking your arms, join forces at À ĉ à,~ À "King of the party" with your friends. Eulary Battle Sausage Man Mobile is a fast but complete combat system with mechanics and breathing Realistic ammunition when using the scope. The sausage man also has different structures such as Flare Gun, Respawn, Barricade and Legend Card. You can join your friend to challenge other players using devices and functionalities so fantastic to find out who has the most Great plan and ability. There are much more funny aspects on the battlefield than the fighting. You could sing, save, wear a boa of life and swim on the rubber ball. Turn into a beautiful mini sausage once the opponents fall and Wait for your colleague to save you. Look at the adorable UFO or Scyly Dragon scenarios. Have a race on various cars with your friends. Decorate the game to be the most beautiful sausage there! Choose from over 300 clothes to customize your appearance or you can customize your equipment. The unique system of the party cards record your details and results, presenting the background to the public and your preferences. Bubble, joke and action offer a new possibility to interact with other players. You could use the way you like, check the fight, it becomes "the King of the Party" in APK Mobile Sausage Man. Design characteristics and philosophy of design naturally, the Mobile Man sausage is the most obvious and obvious characteristic of the sausage man. They are adorable and comedy compared to other Games of Battle Royale. The appearance is more realistic. In mechanisms and gambling objects, we also try to launch players all kinds of hilarious shocks to create the feeling that players describe as laid and pilots. The changed sensation of strength and emphasis on the player-player contact allows players of all ages to enjoy a game of Battle Royale. The man of sausage, due to a hard artillery features such as the weight loss of the weapon, is easy to take and complex to master. There were a series of concepts when we were inspired by urban vinyl toys. Before going to sausage, we examined the rice cake, Udon man and other strange and strange notions. Heck, with the title of the operation À ĉ à,~ À "Fri salted fish eating poultry meals, À ĉ à,~" We even developed a firearm, barrel with salted fish. Emotions and intention we think that players can to say if a game has been produced. As part of the development process, our colleagues and our playtesters listen carefully to the comments and face every aspect, whether it is important, such as general performance or small nuances, like the egg Easter hidden. We believe that with the antiquities playing, as singing, dancing, Boooh shoots sprouts and other types of crazy, players would become creative and thought outdoors. In short, our biggest desire is that all I Participants in SALSICCE MAN They develop their own unique method of having fun. A Funky Battle Royale A real game is easy to find out nowadays since the most popular games are real games. These games are produced and a new game Royal Fighting is XD Interactive Entertainment style. Installation Here is nice to look at rather than typical human characters. But you could still enjoy the regular fighters real elements, such weapons, various maps, moving and playing with people. But the cars, fighting in water and most are one of the only things that will impress you here. Think of this game as a mix of roles and real fights, salient points at sausage Ami fighting the real games? Even if you do, if you play the same people over and over again, they could be boring. But even if fresh cerchiti, most of today's games are the same. That's not true, but if you know that there's a game that you can play now called the man sausage! This is a real fighting game with characters like sausages! Here, like you, typically, you fight a lot of people in real time, but there are also new aspects. Here, on different surfaces can sing, shoot, jump and shoot your arms. There is also a special feature, which allows you to fight with boots to life in water. If you think it's nice, wait until you see fireworks and a lot of exciting things in the game. This game is one with a sense of real combat. You'll use just a character in this game and this is a mobile sausage man. But you can buy and use many clothes here to be unique. There are settings that allow you to become a waitress, cyberpunk, etc. You can completely adapt your avatar to make the character more beautiful game. Here you will also appreciate the lovely and distinctive positions taken by souls programs. Show time through the game Your distinct individuality. The same old mechanical that you can play with many real games are quite popular with this game. You might still be wandering around here, shoot and play with others. You can take items, arms and other things from your field, and only a winner is present in the game. Conclusion The new components that the game has developed make this badge game. You may enjoy many interesting positions and dresses here. In addition, entertaining images of weapons and cartoon characters make this game less stupid. In addition, on rubber tracks you can bounce the bullets. This provides a completely new experience to enjoy. But perhaps the exciting thing about this game is that there are gigantic creatures and robots! How to download and play Sausages Man Mobile on Android & iOS APK Download the game Apkrey.Comintall It required files in your phone (Android / iOS). Lancia the game, complete the verification process running app / games for 30-40 seconds .Re-lancioA man mobile sausage. Drop in the combat zone, and engage your enemies in Competitive Battle Royale Action and Lighthearted man sausage! With giustiosi fighters customizable sausage, you can go online and play anywhere, anytime, brandishing an array of weapons as you fight alongside your friends to become the best dog. [Hilarious fighting tactical firepower] The sausage is equipped with a fast pace, detailed combat system, including the realistic physics of projectile. Scavenge for fire powerful weapons and tactical gear, including guns flaffo, renaissance instruments, tactical shields and of identity card systems to test the strength of you and your team work of your friends. [Mass around in a vibrant world, opened] there's more to the combat zone compared to only intense fighting! Screw in a vibrant game world where you can sing, And enter every kind of exhilarating fun with your friends. Put on a lifebuoy and explode your enemies while floating on the water! Annoy snipers with double jump with gleaflight abandon! Let your imagination wilderness and have a ball of a time. [Be all the sausage you can be] express yourself as the most beautiful sausage of the room! Customize yours. your. With a ridiculous series of costumes that extend from a variety of themes, such as Koi, Cyberpunk and the French waitress, and emanates with carine emoticons and animations. Build your reputation between your sausage companions with the single party card system, which keeps track of your appearances, results and combat data! 14 September 2021 Version 11.00 Optimization: 1. Optimize the problem in which the decompression of the installation package resource for the first time take too long to complete the correction: 1. Bug reflection that the mysterious elements display incorrect tooltips.2 . The bug that the game cannot go to Korean in some scenarios.3.Fixed the bug in which the fan visit Avatar fails to adapt. To be honest à ĉ
